

# SAVE OUR LAKES

*APRIL 2019/Volume 19, Issue 4*

**APRIL IS DECLARED WATER CONSERVATION MONTH!**

Photo taken by Glenda Harper

**RED SHIRTS** were in attendance at the April Keystone Heights City Council and Clay County Commission meetings to support April as Water Conservation Month. Both the City Council and County Commission continue to support this effort to bring attention to the importance of water conservation. Our members whole heartedly support water conservation and encourage everyone to be **AWARE** of efficient water use.

**Board Members:** Webb Farber, Glenda Harper, Sue Plaster, Robert Thomas, Dr. Pat Welsh, Sherrell Roberts

## **WATER CONSERVATION...CAN WE MAKE A DIFFERENCE?**

Many around our lake community depend on wells for their water needs. Others depend on utility companies (i.e. Clay County Utility Authority, Jacksonville Electric Authority and Gainesville Regional Utility) for their water needs. Either way, you pay for your water...whether it comes in the form of a bill each month OR the cost of installing and maintaining your well.

Even more important than the cost is the **availability** of water! If your well runs dry and you can't sink another well...what then? The St. Johns and Suwannee Water Districts' Water Supply Plan clearly states that water demand will outstrip supply...the Floridan Aquifer will not be able to meet our water demands in the decades to come...what then! Both scenarios would create havoc! So what's the solution?

The solution starts with you and me. As individuals and households, we CAN conserve our water use. These are just a few examples:

- Turn the water off when you're brushing your teeth.
- Take shorter showers.
- Have full loads before you running a wash cycle (clothes and dish washers).
- Turn on your sprinkler system only when needed. Turn off automatic cycles.
- Hand water plants as needed.

Agriculture and industry are starting to do their part in the conservation effort. If we all do our part, we can help avoid a "what then" scenario. Florida's population is growing. In order to meet future demands on Florida's water supply, we will all need to be involved in "water management". As individuals and families, we can best manage by conserving.

### **SAVE THE DATE...MAY 18<sup>th</sup>...to MEET YOUR NEIGHBOR!!!**

The City of Keystone Heights and Save Our Lakes are putting on a **MEET YOUR NEIGHBOR** event on **May 18<sup>th</sup>** at the Keystone Beach Pavilion. There will be FOOD, FUN, MUSIC and a GOOD TIME for all to enjoy. Take some time to have some fun and meet your neighbors!

**SOOOO...MARK YOUR CALENDAR NOW! DON'T MISS THIS FUN EVENT!**

**MAY 18<sup>th</sup> - 11a.m. til 3p.m. - KEYSTONE HEIGHTS BEACH PAVILION**

**SEE YOU THERE!**

**NOTE - SOLO MEETING - MAY 14, 7p.m., FIRST BAPTIST CHURCH OF K.H.**

**GET INVOLVED IN 2019!!**
